

Time to enjoy your favorite Inn again!

For your and our continued health there will be a few changes based on the State and County Guidelines presented to us and wanted to give you a brief update. Upon arrival, as always, we will be there to greet you with a smile but it will be behind a mask and will need to practice “Social Distancing” during your check-in process. A mask mandate is in effect here in Wisconsin as in most states so please wear a mask during check-in and whenever you are not in your suite. It is not necessary to wear a mask when you are outdoors enjoying the property. For multiple night stays, it is suggested that we not enter rooms until guests have completely checked out. We are happy to provide clean towels and toiletries as needed upon request. Those items will be left outside your door for you to collect. Although we have always looked forward to the gathering of great minds at breakfast, we now will provide a Breakfast Basket delivered to your suite each morning. It will be left outside your door for you with a knock at your requested time. We will also still serve in the dining room if you desire with spaced seating and times. Your credit card will be charged the day before arrival based on the information you provided when making your reservation. The grounds and common areas are available, but again please utilize safe distancing from other guests. We will continue to provide superior and continual cleaning of all areas through out the Inn. Not only is your safety important to us, but ours is also. Please do not take any chances of a “Get-Away” if you are not feeling well. Stay home and stay safe. We will happily issue you a gift certificate for a future stay if you do need to cancel.

We are doing our very best to provide a safe environment - safer than larger hotels and motels. Our property is secluded, not crowded with many open areas to enjoy. Biking, hiking, walking, jogging, canoeing, fishing and birding are great ways to have some fun and experience the great north woods of Wisconsin. The State Parks are open. There are many food facilities currently available for take out which you can then enjoy in the comfort of your suite. We will have updated information available for you concerning full openings of restaurants and other businesses for you to experience during your stay.

You deserve a change of scenery and time away, even for just one night.
See You Soon – The Cookies will be Ready!
